The text is arranged in a central, framed area. At the top, a banner reads 'DOMAIN HALL PRESENTS'. Below this, the title 'DENIM & Diamonds' is prominently displayed, with 'DENIM' in a bold, blocky font and '& Diamonds' in a large, elegant script. The date 'SATURDAY, OCTOBER 17TH' is shown in a blocky font. The event theme 'Bud, Spud & Steak' is written in script, followed by 'FEATURING THE MUSICAL TALENT OF JR CHARRON' in block letters. A banner below that states 'DOORS OPEN AT 5 PM'. At the bottom, two boxes show ticket prices: 'DINNER \$75' and 'SHOW ONLY \$50'. Below the prices, it says 'DRESS TO IMPRESS'. Stories Across Generations

Your Story Matters!

Senior Volunteers Wanted for Stories Across Generations

Do you remember playing outside until the streetlights came on?

Going to a one-room school? Your first job?

A favorite family tradition?

We want to hear your story!

Macdonald Services to Seniors is looking for senior volunteers to take part in a special intergenerational project connecting older adults with students from J.A. Cuddy School.

Over three sessions, you will be paired with a student who will get to know you, ask questions, listen to your memories, and discover what life was like when you were young. Together, you'll talk, laugh, share memories, and discover the things you have in common. And there's a special ending...

The stories collected from all of our senior volunteers will be compiled into a community book:

Stories Across Generations **Our Community, Our Stories**

Your story could become part of a lasting collection that future generations can enjoy!

No special skills are required—just a willingness to share, listen, and have some fun.

Be a storyteller. Be a mentor. Be a friend.

Interested in participating?

Contact Macdonald Services to Seniors at:
204-736-2555

Space is limited. So sign up today!

USE YOUR CHARGING SUPERPOWERS

CHEAP CHARGER? DON'T CHANCE IT.

Use the cord and charger that came with your device or one approved by the manufacturer.

Why it matters: Using the wrong charger can damage the battery and increase the chance of fire. Cheap or off-brand chargers may not meet important safety standards.

FULLY CHARGED? TIME TO UNPLUG.

Unplug your device when it is fully charged.

Why it matters: Leaving a device plugged in can increase heat and stress on the battery.

SOFT SURFACE? HARD PASS.

Charge on a hard, flat surface like a table, desk or bare floor.

Why it matters: Devices and chargers create heat during normal charging. Soft surfaces like beds, pillows and couches can trap heat and block airflow, which can cause a battery to overheat.

FOR TOOLS AND RIDES, CHARGE OUTSIDE.

Charge large items like e-bikes, scooters and power tools outside when possible. Do not block exits when charging.

Why it matters: These batteries are larger and store more energy. Fires can grow quickly if the battery fails.

FEELS HOT? STOP USING IT.

Stop using your device if it feels very hot, starts to swell, smells strange, leaks, smokes or makes popping or hissing sounds.

Why it matters: A damaged battery can overheat and start a fire.

OUT OF SIGHT? NOT IN FLIGHT.

When on a plane, keep devices where you can see them while charging. Do not charge e-cigarettes or vapes on the plane. Tell a flight attendant if you notice a problem with your device, such as if it feels very hot, starts to swell, is smoking or has a strange smell.

Why it matters: If a battery overheats or fails, it is important for the flight crew to be able to respond quickly.

Working smoke alarms and a home fire escape plan can help make a life-saving difference.

BATTERY SAFETY STARTS BEFORE YOU PLUG IN

Buy products listed by a nationally recognized testing laboratory such as UL, ETL or CSA. Listed products meet important safety standards.
